

Technip Energies appoints new Managing Director for Americas

Technip Energies announces today that Robert Scott has joined the company and been appointed Managing Director for the Americas. He will be responsible for Technip Energies' Operating Centers in Houston, Claremont, Boston, and Bogota.

Robert Scott was most recently the President of Birdon America, a maritime engineering and construction firm, where he oversaw business operations and strategy. Previously, he held various leadership positions with Bechtel for more than ten years, including leading Bechtel's Operational Technology Cybersecurity business.

A graduate of the United States Naval Academy in Annapolis, Md., Scott is a decorated veteran of the United States Marine Corps. Among his many honors, he has been awarded the Legion of Merit and Bronze Star medals. Based in Houston, he has devoted countless volunteer hours helping veterans to successfully transition to the civilian workforce. He also serves on the Executive Board of the nonprofit group Give an Hour®, which is committed to improving mental health for active military personnel, veterans and their families.

Loic Chapuis, Chief Operating Officer of Technip Energies, commented: *"We are pleased to have Robert joining Technip Energies to be "part of the solution". He will bring his recognized leadership and extensive knowledge of our industry to this newly created position to deliver on our ambitions in the Americas."*

Forward-Looking Statements

This Press Release contains forward-looking statements that reflect Technip Energies' (the "Company") intentions, beliefs or current expectations and projections about the Company's future results of operations, anticipated revenues, earnings, cashflows, financial condition, liquidity, performance, prospects, anticipated growth, strategies and opportunities and the markets in which the Company operates. Forward-looking statements are often identified by the words "believe", "expect", "anticipate", "plan", "intend", "foresee", "should", "would", "could", "may", "estimate", "outlook", and similar expressions, including the negative thereof. The absence of these words, however, does not mean that the statements are not forward-looking. These forward-looking statements are based on the Company's current expectations, beliefs and assumptions concerning future developments and business conditions and their potential effect on the Company. While the Company believes that these forward-looking statements are reasonable as and when made, there can be no assurance that future developments affecting the Company will be those that the Company anticipates.

All of the Company's forward-looking statements involve risks and uncertainties, some of which are significant or beyond the Company's control, and assumptions that could cause actual results to differ materially from the Company's historical experience and the Company's present expectations or projections. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those set forth in the forward-looking statements.

For information regarding known material factors that could cause actual results to differ from projected results, please see the Company's risk factors set forth in the Company's 2023 Annual Financial Report filed on March 8, 2024, with the Dutch Autoriteit Financiële Markten (AFM) and the French Autorité des Marchés Financiers (AMF) which include a discussion of factors that could affect the Company's future performance and the markets in which the Company operates.

Forward-looking statements involve inherent risks and uncertainties and speak only as of the date they are made. The Company undertakes no duty to and will not necessarily update any of the forward-looking statements in light of new information or future events, except to the extent required by applicable law.
